

Mr. Lirette

Thank you for your USPS 1583 submission. We undertake a multi-step process to validate these before acceptance. Our process stops when we find an error. In this case the form is not signed by a witness, the witness in this case would be the notary. As indicated in the instructions for 14 and 15 but that signature is not present.

Please also ensure that the document is properly notarized fully in accordance with state laws to ensure that it is accepted.

Thank you,
